

On board S.S. Pan American enroute for
Rio de Janeiro June 24th 1926.

Mr. Richard Stitt

Brookline, Mass.

My dear Richard;-

I was much occupied in pre-
expedition
paring for the present so my correspondance
was neglected. The days spent on the steamer are
giving me time to catch up

Sincerely yours

George K. Cherrie

Dear Mr. Cherrie -

I suppose
you are surprised at
receiving a letter from
such a small place as
Brookline but I earnestly hope
you will answer it. I am
a young collector of autographs,
in fact, I guess I am a
collector of everything that a
person can collect.

I go to the Brookline
High School and am in my
second year. I belong to the

Brookline Bird Club and am
interested in birds very much.
So far this year I have seen
in Brookline and in Sharon
sixty-seven birds. I don't
think it a very large list when
I compare it with others but
nevertheless it is a list.

As a collector of
autographs I kindly request
of you your autograph. I
hope you will kindly answer
my letter.

Cordially Yours,
Richard Stitt
